

InstaSnake PA210 Series

Audio Adapter for CINESNAKE™

Features/Advantages	Description	Applications
<ul style="list-style-type: none"> Lightweight Easily transported Low cost Slide switch on Send unit Can be used for analog or digital audio Supports 48V phantom power Rugged, 'road-ready' construction RoHS compliant USA Made 100% tested 	<p>The ETS CINESNAKE™ Series PA210 is a compact, lightweight, versatile passive group of components allowing you to run audio signals over a single run of CAT5 or better cables. With a roll of wire, these compact units are easily transported and/or stored solving dozens of live and/or recording sound problems.</p> <p>The CINESNAKE™ is a passive unit, so you do not need power. The CINESNAKE™ accepts 'mic' level, line level, analog or digital audio and supports phantom power when the slide switch is "ON" position.</p> <p>One cable carries both audio signals simplifying the user or installer's job. Ordinary UTP cabling may be used, however distance and quality are enhanced with cat5 or better cable.</p> <p>Note: The CineSnake fits the following cameras: Canon – C100, C300, C500, XA-10, XA-20, XA-25, XA-100, XA105 Sony - Sony XF5-300, XF305 Panasonic - AG HPX 250P</p>	<ul style="list-style-type: none"> Useful for field (ENG) recording Recording events such as parties, concerts and spontaneous events Portable and convenient for 'on-the-go' recording Live sound

Specifications	Product Ordering Information
